WOMANS CLUB HOLDS FLORAL FESTIVAL

School Children Garlanded in Fragrant Spring Blossoms Parade the Streets—A Brilliant Scene.

With 200 school children garbed in the prettiest costumes that their youthful minds could devise, the floral parade of the Redwood City Woman's Club May festival held Saturday was a pageant that has seldom been surpassed in beauty and attractiveness. The procession was a panorama of color which shaded from the deep red of the geranium to the daintiest hues of the spring flowers. A hower of blossoms clustered about each child and those that were not cloaked with garlands of flowers wheeled their dolls in blossom-covered buggies or paraded in artistic floats.

The procession started at the grammar school at one o'clock and marched down Broadway to Main street, it then counter-marched and moved out Broadway to the club house in Dingle Park. The procession was headed by the May queen, Miss Florence Wilder, and her chariot of white roses, attended by the Misses Margaret McKay and Grace Bullivant. Her maids of honor were Bernice Loomis, Corinne Heiner, Helen Heiner, Grace Dearborn, Ella Williams and Elsie Gillespie, and her carriage was drawn by Grant Merrill, Ernest Merrill, Kendal Towne, Duncan Fitzgerald, Harold Mitchell, and James Crowe. After a delightful program by the little folks, the prizes were awarded. The judges, Mrs. George B. Miller, Mrs. Copperthwaite, Mrs. Clar, were all of the same opinion, that the first prize, a beautifully dressed doll given by the three grammar-school teachers, Misses Beeger, Glassford and Durham, should be awarded to Miss Marie Merrill. She was the Pansy Girl, and as her name would suggest, was a creation of pansies from head to foot.

The boy's first prize was awarded to Alex Prietas, who as a farmer, had his little wagon full of different vegetables.

The other prizes were as follows:

Second girl's prize—A set of gold beauty pins, awarded to little Betty Ross "Wisteria" in her little doll buggy covered with wisteria blossoms, she had her Japanese doll.

Third girl's prize—A silver purse, awarded to Miss Margaret Rice. Wheeling her Teddy bear in a doll buggy of California poppies, she represented "The Exposition City, 1915."

Fourth girl's prize—One dollar, awarded to Elsie Bissell who wheeled a doll buggy tastefully decorated with pink geraniums.

Fifth girl's prize—One dollar, awarded to Pearl Wallace, who was in her pony cart, which was entirely covered with baby roses and wisteria blossoms.

Second boy's prize—Everett Hegman, whose bicycle was entirely covered with pink sweet peas. He received a gray sweater.

The group prizes were as follows:

First—To the little twins, Florence and Phelps Johnson. Phelps as a little Chinese, drew his sister in a cart covered with Chinese decorations.

Second—To Frances and Georgia Barton, Emily Jones and Alice Perry, who were all in a pony cart entirely covered with roses.

Third—To Marie and Frances Gunther. Marie pulled her little sister in a cart of flowers of all kinds and colors.

Fourth—To Mildred and Grace Dearborn, as the Geranium sisters.

Fifth—To Mildred Choat, with two little boys in a buggy of mustard, representing "The Meadow."

Sixth—To George and Ward Hahner, in a boat of pink geraniums.

Other clever ideas were Margaret Debenedetti, who wore a green dress covered with California poppies; Margaret Kalenborn, as Miss Red Geranium; Maud Stillson as Miss Pink Sweet Pea; Pamela Begnlin, with her doll buggy of pink roses; Margaret Allen and doll buggy of yellow flowers; Bernice Loomis as Miss Pink Geranium; Irene Cronk, with a sweet pea doll buggy; Bessie Stinson, with a buggy of marguerites; Cora Lease, with a buggy of the same; Lester Paulsen, in a rose covered cart; Evelyn Eva, riding on a tricycle decorated with flowers of all colors; Gladys Armstrong, with parasol, beautifully decorated with pink geraniums; Mary Tamburini, decorated buggy; May Backus, sweet peas and ferns; Leona Svihus, doll buggy of red geraniums; Martha Gray, decorated buggy; Ruth Kirate, decorated doll buggy; Marie Deleau, buggy of roses; Mable Liest, as red and green; Ethel Mason, rose cart; David Crown, decorated horse; Merideth Eva as Happy Hooligan; George Wentworth in George Washington costume; Bernice Blast, decorated parasol; Margaret Mason, rose covered parasol; Nida Lampkin, Miss Rose; Antonette Balocio, sweet peas; Margaret Springer, red roses, and many others.

The flower girls were Louise Bettin, Gladys Gilbert, Jane Kreiss, Elmina Gray, Irene Harve, Ollie

HIGH SCHOOL STUDENTS TALK ON CANDIDATES.

Even though the students of Sequoia Union High School are not old enough to vote they showed last Tuesday that they knew something about voting and about the lives and works of the candidates. Several students made speeches concerning various candidates.

Milton Marcus, a little frightened, spoke for Champ Clark. Irene Dickey spoke on A. B. Cummins, giving a sketch of his life and the work he had done. The candidacy of Underwood was covered by Andrew Stewart. Charlotta Bordeaux gave an interesting account of the life of William H. Taft and reason why he should be re-elected. Reginald Parker spoke on Woodrow Wilson. Roy Woodhams with his characteristic energy, set forth the claims of La Follette for the nomination and scored a great many good points and was enthusiastically received by the students.

Immediately following him, Frank Griffin, in a well chosen speech, argued for Roosevelt, and by his command of language and general intelligence in handling the subject proved that he has considerable latent ability.

At the conclusion of the speeches the students voted on the candidates with the following result: Roosevelt, 27; La Follette, 10; Taft, 9; Clark, 7; Wilson, 2; Underwood, Harmon and Cummins, none.

For the past year he has studied the theory of electrical work and after graduating will familiarize himself with the practical side of the business by working in San Francisco.

Some of the little girls that sang at the club house were Mabel Lamb, Annie Walker, Martha Jacobson, Dorothy Dearborn, Helen Andrews, Gertrude Badie and Adelaide Butts.

Those in charge of the parade, and to whom the success is due, are Mrs. George A. Merrill, Mrs. Geo. Gunther, Miss Gertrude Beeger, Miss Glassford and Miss Durham.

Saturday night the carnival came to a close at the club house. An entertaining program was rendered the principal feature of which was the appearance of the Bob Allen minstrels in several musical numbers and choruses. The club house was gaily decorated with flowers and greens and presented a pretty appearance. Altogether the second annual carnival of the Woman's club was a notable success.

REMINISCENCES OF OUR PIONEER DAYS

Items of Interest Gathered from the Early Records of Local News Reports.

At their first meeting in the month of June, 1889, the members of Bay View Lodge, I. O. O. F., elected the following officers for the next term: E. Peterson, noble grand; Dr. J. L. Ross, vice-grand; B. F. Cooper, recording secretary; J. W. Glennan, permanent secretary; George H. Buck, C. J. Hynding and John MacBain, trustees.

The first actual work undertaken by the general government looking to the keeping of the channel of Redwood Creek open to navigation was completed in August, 1889. The work had been under way for more than a year and all told something like \$20,000 had been expended in the undertaking.

However a considerable portion of this appropriation had gone to waste, largely because of the crude construction of the dredger used. What was accomplished resulted in a material benefit to the shipping interests of the town, a navigable channel being provided up to the old Hanson warehouse, admitting vessels carrying large cargoes.

The meeting of Redwood City Lodge of Masons on the evening of September 1st, 1889, was one of unusual interest to members of that fraternity. On that occasion a number of prominent members of the Order from San Francisco and San Jose visited the local lodge for the purpose of assisting in conferring the degree of Master Mason on Dr. J. L. Ross. To show his appreciation of the honors extended to him Dr. Ross entertained the members of the lodge and visiting brethren at an elaborate banquet at the close of the ceremonies.

With its issue of September 21, 1889, another change was made in the management of the Times-Gazette, the paper passing under the control of John F. Sheehan. At the same time several changes were made in the appearance of the paper, the style of heading now used being adopted and the paper enlarged to an eight page form.

Former Resident Passes Away.

Mrs. Marie Jacobus, the wife of the late George Jacobus died at her home in Oakland Friday after a long illness. Her body was brought to this city on Monday and was laid at rest in Union cemetery beside her husband who died two years ago. Mrs. Jacobus is survived by a son and two daughters. Deceased was the eldest daughter of the late Mrs. Alpheus Underhill, her maiden name being Marie de Leon. She was born in Havana 61 years ago. She was married in this city in 1873 to her late husband. The funeral was attended by many old friends of the family. Services were held by Rev. Mr. Brown.

Distinguished Local Visitor.

Major G. Cecil Boulton, who for sixteen years was war correspondent of the leading papers of Europe and South Africa, was in Redwood City Monday. Major Boulton is studying the commercial conditions of San Francisco and will embody his views in a series of articles shortly to be published in the leading continental magazines and newspapers. His articles will include a description of the peninsula.

Frank Marcus returned home this week after an absence of a month in the east during which time he was engaged in soliciting orders for the tannery. He traveled as far east as New York and was very successful in his work.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

This county has
"Room for a Million People"
Help us Get'em
the Development Association

We're not making claims to special
influence at home—but simply re-
marking that every town in this town-
ship gave a majority for Taft.

THERE WILL BE NO DESERTERS

Our Democratic friends need not "lay
the flattering unction to their soul"
that the strenuous division among the
members of the Republican party in
the selection of a leader in the Presi-
dential campaign will insure to their
advantage. Members of the Republi-
can party are too thoroughly wedded
to principles of patriotism to allow
differences of personal choice to in-
terfere with their ultimate support of
the principles of National stability which
constitute the basis of their party
unity.

This is still—and we hope always
will be—a country governed by the
"rule of the majority." However
strenuous we may be in the advocacy
of personal preferences, when the Na-
tional convention of the party shall have
announced the choice of a leader, every
true Republican will be found ready
to take up the battle for those great
principles of party policy which have
in the past secured prosperity among
our people and the respect and admira-
tion of the nations of the earth.

COMPLETED RETURNS OF COUNTY PRIMARY ELECTION

On Tuesday the people of Cal-
ifornia at the primaries de-
clared for Roosevelt, giving him
a majority of over 60,000. San
Mateo county was carried by Roose-
velt by a small margin of 146
votes. This is, however, a tem-
porary victory for the ex-president
for it is generally conceded that
Taft will receive the nomination
at the Chicago convention. La
Honda is the banner Taft
precinct, having given an eight
to one vote for the president with
San Gregorio and Pescadero close
seconds. Champ Clark carried the
state and county by a two to one
vote. The following is the vote of

Returns to Civil Life.

Edward Bullivant was recently
discharged from the marin hospi-
tal after a long siege of
illness. He was chief ma-
chinist on the Battleship Den-
ver and his term of enlist-
ment expired on the 22d of April.
Mr. Bullivant has an honorable dis-
charge without a single black
mark against him. He has accept-
ed a position with the Crane Co.
of San Francisco at his trade. Mr.
Bullivant is soon to wed a Red-
wood City belle and will make his
home here.

The illustrated lecture by George
Sontag, which was given in ad-
dition to the usual program of
moving pictures at the Bell
theatre last night drew out an
usually large audience, all of whom
speak in highest terms of the en-
tertainment offered. Manager Nat-
horst never misses an opportunity
to provide first class entertain-
ment for the public and will have
some splendid attractions for
next week.

Splendid Campaign Effort.

Samuel M. Shortridge's address to
the voters of Redwood City was a
masterly effort and among the
best of the speeches delivered
during the campaign. Though the Al-
hambra was not crowded there was
a fair attendance. Unlike the spee-
ches of the Roosevelt spell binders
Mr. Shortridge's oration was free
from personalities. He dealt with
the issues, demonstrating why
all should support the digni-
fied and manly president, Wil-
liam Howard Taft. Henry Ward
Brown delivered a short, but force-
able address. James T. O'Keefe pre-
sided. C. N. Felton, though quite
ill was present and made a few re-
marks.

COUNCIL PREPARES FOR STREET WORK

Dr. Ross Gives Valuable Information on Control of the Mosquito Nuisance

Although but three members of the city council—Chairman Merrill and Trustees Deleau and Hynding—were present at the adjourned meeting on Monday evening, considerable time was devoted to the discussion of the business of the city. The chief subjects of consideration were the ever pressing questions of street improvement and lighting, though considerable time was spent in an effort to devise some relief from the mosquito pest, which is admitted to be unusually troublesome this season.

An acceptance by the Southern Pacific Railway Company of the three franchises recently granted was presented and filed. In order to clear up a doubt in the minds of some of the residents along the right of way, Trustee Deleau inquired as to whether any move had been made indicating the intention of the Railway Company to lay an additional track within the city. This brought out the information from Chairman Merrill that while under the provisions of their right of way deeds the company had an absolute right to lay tracks as they desired, without reference to any franchise from the city, no such intention had been announced at this time nor did it seem probable that additional tracks would be laid in the near future.

City Electrician Werder was instructed to install an incandescent street light on the Woodside road at the entrance to Union cemetery.

The resolution declaring the intention of the council to order street work done which has been under consideration for some time by the members of the Seventeenth District Improvement Club was presented as finally amended and was adopted. (The resolution will be found in full in the advertising columns of this issue of the Times-Gazette.)

A resolution was adopted directing City Clerk Plump to advertise for bids for the purchase of the bonds authorized at the recent special election.

Chairman Merrill suggested that some consideration be given to determination of a method of making the city assessment for the coming fiscal year, with a view to securing a generally satisfactory valuation of the taxable property, advising that an advisory commission of citizens be selected for that purpose. While coinciding with the suggestion of an advisory board, Trustee Deleau urged that the advice of an expert be secured in the preparation of the plans for the work, thus securing to the city a systematic method of valuation. While no definite action was taken it was agreed that an effort should be made to induce a committee of citizens to undertake the supervision of the work.

The street committee was given authority to purchase from A. Hess not to exceed 500 loads of dirt to be delivered during the summer. The dirt is to be used in filling up the Webster street bridge and in other similar work under the direction of the chairman of the committee and Street Superintendent Dickey.

City Electrician Werder was requested to prepare a map outlining needed extensions to the street lighting system for which a portion of the money derived from the bonds will be devoted.

Following the lines of more improved street illumination, Chairman Merrill suggested the use of ornamental concrete posts in the business districts, offering to prepare plans for posts to be erected on Broadway in front of the grammar school. As a further part of the plan he suggested that the trustees of the school be requested to provide for the lighting of the clock tower of the school building, the light to be furnished at the expense of the city. Trustee Swift promising that the matter would be brought to the attention of the school board at their next meeting.

In an attempt to devise some means of relief from the mosquito, the council was given some interesting information regarding the pest and its habits by Dr. Ross, the city health officer. Dr. Ross informed the trustees that during the day, in company with former Mayor C. M. Morse of San Mateo, whose knowledge of the subject was that of an expert, he had made an extended investigation of several sections surrounding the city. In this it had been demonstrated that the pest in this section was entirely of the salt water variety, and that in the immediate vicinity of the city the breeding places were confined to few localities, these being mainly among the reclaimed lands. It was determined that the time for preventative action had passed, the breeding season being largely during the months of February and March. Dr. Ross stated that the salt water mosquito was not as short lived as had been generally supposed, its average term of existence being from three to four months. So far as the investigations of Dr. Ross had been carried, there appeared to be little danger from the fresh water variety of the pest in this section. For the next season Dr. Ross advised that an attempt be made to secure united action with neighboring communities.

The Odd Fellows' grand lodge which is in session this week is being attended by H. W. Lampkin, F. W. Glennan and Arthur Nelson, representing Bay View lodge.

WILL ORGANIZE MUTUAL PROSPERITY LEAGUE.
Dr. E. H. Hadlock and Miss Sarah R. Fry of San Francisco were in town yesterday making arrangements for the organization of the Mutual Prosperity League. The object of this league is to help reduce the cost of living and to advance the general prosperity of its members. This is accomplished by co-operating with the business industries of the community and giving the members of the league certain educational privileges as well as opportunities to add to their income.

A lecture on the work and object of the league will be given daily at the Fry cottage, Main street, beginning at an early date. A fuller announcement will be made in a subsequent issue of this paper.

REDWOOD BALL PLAYERS WIN ANOTHER CLOSE GAME

Fox Pitches Last Ball on Redwood Diamond Tomorrow.

It was the same old story Sunday, Redwood nosed out the fast Tacoma team of Oakland after ten innings of ball by a score of 6 to 5. The game was a hot contest throughout and kept the fans guessing all the time to pick a winner.

Redwood started the score in their half of the first by annexing one tally. They repeated the close in the second. The visitors came right back and before the fourth inning had passed they had a 5 to 2 lead over the Redwood team. Fox steadied down after that and led the visitors down without another tally. The team-mates came right to the front in the fifth and put him on even terms with Zamlock, the visiting slasher. Neither side was able to score after this until Zamlock threw his own game away in the last of the tenth by a wild pitch which allowed Castro to romp home with the run that gave Redwood the victory.

Fox pitched fine ball for Redwood and was greatly aided in his efforts by Castro who obtained three hits out of four times up.

Next Sunday we will have for our opponents the San Francisco Moose. The antiered tribe have a strong bunch and will keep Redwood hustling to get away with a win.

The management has arranged for a series of games with Burlingame, the first of which will be played at the latter place on June 2d. We would like as big a bunch of rooters to accompany the team as possible, just to show the high-brows that we think something of our team. It is needless to say that we expect to win.

The fans will be sorry to learn that this will be the last Sunday that Fox will be with us. He leaves next week to take a position with the Tacoma Mill at Tacoma. His work in the box has always been of a stirring quality and his loss will be greatly felt by the home team.

Menlo Park did its duty last Tuesday in so far as William Howard Taft was concerned, giving that gentleman a majority of 51 votes over Roosevelt. In precinct No. 1 Taft received 47 votes, Roosevelt 36, LaFollette 4, Wilson 6, Clark 19, Precinct No. 2 Taft 72, Roosevelt 32, LaFollette 4, Wilson 7, Clark 36. LOCAL MERCHANTS TO BE HOME BOOSTERS

Board of Trade Prepares for a Larger Membership and Better Public Work

At a largely attended meeting of the Redwood City Board of Trade, held in the council rooms at the city hall Tuesday evening, amendments to the constitution and laws of that body were adopted which materially widen the scope of the work of the organization.

From this time on the Board of Trade ceases to be an organization whose chief purpose was the advancement of the mercantile interests of its members and becomes an organization of citizens whose first aim will be the furthering of the public interests of the entire city—both civic and commercial. That a strong and united body of citizens may be secured for this work the law has been so altered that all who have the welfare of Redwood City and its environs at heart are eligible to membership. That none may be deterred from assisting in the work because of the individual expense, the monthly dues of the association have been reduced to 50 cents per month.

The only change made in the official management of the organization was the addition of two members to the executive committee, the additional number to be elected by the committee. These two members of the committee will be especially charged with the duty of attending meetings of the city council and board of supervisors with a view to pressing matters of local civic interest and providing a channel through which these officials may be easily approached on matters of public welfare.

This does not mean that the original objects which prompted the formation of the organization are to be entirely lost sight of. For the protection of the interests of the merchants of the community, provisions made in the new law for the formation of a commercial section within the board of trade and under its general direction. To this section will be referred all matters of special interest to the merchant, while its members will be empowered to determine such questions as affect the conduct of purely mercantile business, such as the times when scores shall be closed and the methods of collecting accounts and protection against the "dead beat." For the purpose of perfecting this portion of the organization under the new laws, a meeting of the merchants interested will be held at the city hall on Wednesday evening of next week, when several matters of special interest to the merchants will be presented.

President P. A. Ryan presided at the meeting and secretary Archer Kincaid kept the record of the proceedings, some of which were of considerable interest, both to the public and the membership of the Board of Trade.

Secretary Kincaid reported that during the past month he had been in receipt of a number of letters of inquiry from eastern people and residents of other portions of this state who desired information as to local residence and business conditions. These had been referred to the real estate dealers of the city for reply.

A communication was received from the Development Association referring to the Board of Trade a proposal of S. J. Levy, proprietor of the Peninsula and Interurban Express Company, for the establishment of an automobile passenger service between Palo Alto and San Mateo. Members of the board looked upon the proposal with considerable favor and Secretary Kincaid was requested to arrange for a conference between the Boards of Trade of this city Palo Alto and San Mateo and Mr. Levy for the purpose of considering the proposition.

At the suggestion of Guy P. Hull, a motion was passed expressing the commendation of the Board in the work of the Redwood City Hotel Company in the design of providing for the city a first class commercial hotel.

A resolution offered by H. C. Tuchen commending the project for an inland harbor on the water front adjacent to the city and urging Congressman Hayes to assist in securing government aid in the deepening of the channels of the adjacent creeks to the channel of the bay was given unanimous approval.
